## wedding emporium

The Wedding Emporium specialises in exclusive event co-ordination, creating memorable weddings that combine the couple's unique vision with the Wedding Emporium's distinctive flair and personal attention. Guy Granger, renowned SA couturier, has been in the bridal industry for 20 years and his gowns have graced the international catwalks. Anton Rautenbach owned a successful graphic design and advertising agency. In 2005 they formed the Wedding Emporium which has quickly become one of South Africa's most impressive and sought after event companies with clients both locally and internationally.
